

## Sections of 40CFR Containing “Certify” or “Certification”

Provision	Current Wording	Notes
§700.45(e)(1)	Each remittance shall be paid by money order, bank draft, or <i>certified</i> check	
§700.45(e)(4)(iii)	has remitted a fee of \$100 in accordance with 40 CFR 700.45(b)." in the <i>certification</i> required in §723.175(i)(1)(x) of this chapter.	Term used similarly elsewhere in section.
§712.15(b)	Persons must <i>certify</i> to the validity of a claim of confidentiality they make for information <i>reported</i> under this part, as specified on the <i>reporting form</i> .	Terms used similarly elsewhere in section.
§723.175(e)(2)	Selection of an appropriate respirator must be made according to the guidance of American National Standard Practices for Respiratory Protection Z88.2-1969 and the NIOSH <i>Certified Equipment List</i> , U.S. HHS, NIOSH <i>publication</i> No. 80-144.	
§725.94(a)	Any person who <i>submits</i> a MCAN, TME, Tier I <i>certification</i> , or Tier II exemption <i>request</i> should strictly limit confidentiality claims to that information which is confidential and proprietary to the business.	Terms used similarly elsewhere in section.
§745.86(b)(1)	Reports <i>certifying</i> that a determination had been made by an inspector ( <i>certified</i> pursuant to Federal regulations at §745.226 or an EPA-authorized State or Tribal <i>certification program</i> )	Terms used similarly elsewhere in section.
§745.226(e)(1)	To <i>maintain certification</i> in a particular discipline, a <i>certified</i> individual shall apply to and be <i>re-certified</i> by EPA in that discipline	Terms used similarly elsewhere in section.
§App C to Subpart E Part 763	timely <i>receipt</i> of a complete <i>self-certification</i> by EPA and approving States shall have effect of extending approval under this <i>MAP</i> to training courses offered by the <i>submitting provider</i> .	Terms used similarly elsewhere in section.

## Sections of 40CFR Containing “Copy”

Provision	Current Wording	Notes
§702.61(d)(1)(i)	If the alleged violator is a corporation, a <i>copy</i> of the <i>notice</i> shall also be sent to the <i>registered</i> agent, if any, of such corporation	Terms used similarly elsewhere in section.
§702.61(d)(1)(ii)	a <i>copy</i> shall be sent to the Attorney General of the United States.	Term used similarly elsewhere in section.
§704.7(c)(1)	In that <i>copy</i> the respondent must indicate what <i>data</i> , if any, are claimed as confidential by marking the specific information on each <i>page</i> with a label such as ``confidential",	Terms used similarly elsewhere in section.
§704.11(a)	A <i>copy</i> of each <i>report submitted</i> by the person in <i>response</i> to the requirements of this part.	Terms used similarly elsewhere in section.
§710.1(c)	Each person who <i>reports</i> under these regulations shall <i>maintain records</i> that <i>document</i> information <i>reported</i> and permit access to, and <i>copying</i> of, such <i>records</i> by EPA officials.	
§716.20(a)	Excluding paragraph (a)(3) of this section, the following types of studies are exempt from the <i>copy</i> and <i>list submission</i> requirements of §§716.30 and 716.35.	Terms used similarly elsewhere in section.
§725.12(b)(2)	This also may include information on the vector construct, the cellular location, and the number of <i>copies</i> of the introduced genetic material.	

## Sections of 40CFR Containing “Document” or “Contract”

Provision	Current Wording	Notes
§704.25(f)	Persons subject to <i>reporting</i> requirements must <i>retain documentation</i> of information contained in their <i>reports</i> for a period of 5 years from the date of <i>submission</i> of the <i>report</i> .	
§704.102(g)	<i>Recordkeeping</i> : (1) <i>Retain documentation</i> of information contained in their <i>reports</i> . This <i>documentation</i> must be <i>maintained</i> for 3 years from the date of the <i>submission</i> of the <i>report</i> ; (2) <i>Retain</i> the <i>certification</i> required by paragraph (f) for 3 years from the date of its creation.	Terms used similarly elsewhere in section.
§707.20(b)(2)(i)	The <i>certification</i> will <i>document</i> that, in accordance with TSCA, the importer has taken the necessary steps to insure compliance.	Terms used similarly elsewhere in section.
§720.22(a)(2)	a person <i>contracts</i> with a manufacturer to manufacture or produce a new chemical substance	Term used similarly elsewhere in section.
§720.25(b)(3)(i)	If the appropriate supporting <i>document</i> from the foreign party is not <i>received</i> within 30 days after EPA <i>receives</i> the importer's <i>notice</i> , the <i>notice</i> will be considered incomplete.	Terms used similarly elsewhere in section.
§721.125(f)	<i>Records documenting</i> establishment and implementation of the hazard communication <i>program</i> required under §721.72.	Terms used similarly elsewhere in section.
§725.12(a)	The genetic history of the recipient microorganism should be <i>documented</i> back to the isolate from which it was derived.	
§745.85(c)(2)	either a separate <i>sheet</i> or part of any written <i>contract</i> or service agreement for the renovation.	Terms used similarly elsewhere in section.
§761.20	The finding is based upon the <i>well-documented</i> human health and environmental hazard of PCB exposure	
§761.93(b)(3)(i)(A)	the annual <i>document log maintained</i> under §761.180(a)(2) must clearly distinguish between imported and domestically generated waste.	Terms used similarly elsewhere in section.
§796.1950(a)(3)(iii)	procedures described in this Test Guideline are those developed under that <i>contract</i> and have been evaluated with a wide variety of chemicals of differing structure and vapor pressures.	
§796.1950(d)(1)	EPA <i>Contract</i> No. 68-01-5117 with SRI International, Menlo Park, California	Term used similarly elsewhere in section.

## Sections of 40CFR Containing “Form,” “List,” or “File”

Provision	Current Wording	Notes
§702.60	The purpose of this regulation is to prescribe procedures governing the giving of a <i>notice</i> of intent to <i>file</i> suit required by § 20(b) of TSCA as prerequisite to beginning such civil actions.	Terms used similarly elsewhere in section.
§702.61(a)	in case of alleged failure by the Administrator to <i>file</i> an action under section 7 of TSCA, the citizen must give <i>notice</i> to Administrator only 10 days in advance of <i>filing</i> the civil action.	Terms used similarly elsewhere in section.
§704.7(c)(3)	The first <i>copy</i> of the <i>notice</i> will be for internal use by EPA. The second <i>copy</i> will be placed in an open <i>file</i> to be available to the public.	Terms used similarly elsewhere in section.
§704.33(b)	Except as <i>provided</i> in paragraph (c) of this section, the following persons are subject to the <i>reporting</i> requirements of this rule; a person may become subject to this rule under more than one of the criteria <i>listed</i> in this paragraph (b).	
§704.33(d)(4)(v)	Respondents to this paragraph shall <i>submit data</i> showing a range of 8-hour time weighted averages (TWAs), <i>provided</i> that the <i>data</i> are available in that <i>form</i> .	Terms used similarly elsewhere in section.
§704.33(d)(4)(vii)	A <i>listing</i> of the estimated quantities of P-TBBA, P-TBT, or P-TBB released directly into air, water, or land from each site.	Term used similarly elsewhere in section.
§704.104(d)	Persons identified in paragraph (b) of this section must <i>submit</i> a Premanufacture Notice <i>Form</i> (EPA <i>Form</i> 7710-25).	Terms used similarly elsewhere in section.
§704.175(d)	Persons who are subject to this rule as described in paragraph (b) must <i>report</i> information to EPA by completing the following parts of the <i>notice form</i> contained in appendix A to part 720 of this chapter: Parts I.A., I.B., I.C.1., I.C.3., and II.A.; also, part III as appropriate.	
§707.20(c)(1)(iii)	good faith efforts of the importer to verify compliance, as evidenced by <i>documents</i> contained in his <i>files</i> , may mitigate the assessment of a civil penalty under section 16 of TSCA.	
§710.4(d)(6)	or other chemical substances <i>formed</i> during manufacture of an article destined for the marketplace without further chemical change of the chemical substance except for those chemical changes that may occur as described elsewhere in this §710.4(d).	Term used similarly elsewhere in section.
§710.25	Any chemical substance which is in the Master Inventory <i>File</i> at the beginning of a <i>reporting</i> period described in §710.33 unless chemical substance is specifically excluded by §710.26.	Terms used similarly elsewhere in section.

Provision	Current Wording	Notes
§710.26(a)	Any chemical substance which does not contain carbon or contains carbon only in the <i>form</i> of carbonato [=CO3], cyano [-CN], cyanato [-OCN], isocyano [-NC], or isocyanato [-NCO] groups, or the chalcogen analogues of such groups.	
§710.32(a)	Any person who chooses to <i>report</i> information to EPA in <i>writing</i> must do so by completing the <i>reporting form</i> available from EPA at the <i>address</i> set forth in §710.39(b).	Terms used similarly elsewhere in section.
§710.32(c)(3)	including EPA-assigned numbers for bona fide or Premanufacture <i>Notification submissions</i> , or Test Market Exemption Applications, or original Inventory <i>form</i> numbers.	
§710.38(c)(1)(v)	Is the fact that the chemical substance is being manufactured or imported for a commercial purpose available to the public, for example in technical journals, libraries, or State, local, or Federal agency public <i>files</i> ?	
§710.38(c)(1)(viii)	Does this particular chemical substance leave the site of manufacture in any <i>form</i> , as product, effluent, emission, etc.?	
§710.39(a)	persons <i>submitting written</i> information in <i>response</i> to the requirements of this subpart must use original <i>copies</i> of Form U available from EPA at the <i>address</i> set forth in paragraph (c), from the EPA <i>Internet Home Page</i> at <a href="http://www.epa.gov/opptintr/iur98">http://www.epa.gov/opptintr/iur98</a>	
§710.39(b)	instructions for completing the <i>reporting form</i> and preparing a <i>magnetic media report</i> are given in the EPA publication entitled "Instructions for <i>Reporting</i> for 1994 Partial Updating of the TSCA Chemical Inventory <i>Data Base</i> ." <i>Reporting forms</i> and instruction booklets may be obtained from the following address: TSCA Hotline (7408)...	
§710.39(d)	Completed <i>reporting forms</i> and <i>magnetic media</i> must be submitted to: Document Control Officer (7407)...	Mailing address follows.
§712.1(a)	This part establishes procedures for chemical manufacturers and processors to <i>report</i> production, use, and exposure-related information on <i>listed</i> chemical substances.	Terms used similarly elsewhere in section.
§712.1(c)(2)	The chemical substance containing an additive to <i>maintain</i> the integrity or physical <i>form</i>	Terms used similarly elsewhere in section.
§712.7	Extensive <i>file</i> searches are not required.	
§716.35(a)	persons subject to this rule must send <i>lists</i> of studies to EPA for each of the <i>listed</i> substances	Terms used similarly elsewhere in section.
§716.105(b)	chemical substances that have been added to the TSCA section 4(e) Priority <i>List</i> by the Interagency Testing Committee, established under section 4 of TSCA	

Provision	Current Wording	Notes
§721.2280(a)(2)(i)	Each person who is reasonsonably (sic) likely to be exposed by inhalation to the PMN substance in vapor <i>form</i> during loading of rail cars is provided with a NIOSH approved category 19C Type C supplied-air respirator	Term used similarly elsewhere in section.
§721.4880(a)(2)(i)	The following additional human hazard precautionary <i>statement</i> shall appear on the label: This substance may react to <i>form</i> phosgene gas.	
§725.155(f)	This estimate may be by weight or volume and should include an estimation of viability (i.e., viable cells per unit volume or colony <i>forming</i> units per unit dry weight).	
§App A to Subpart E Part 763	If an X-ray analysis spectrum is stored, the <i>file</i> and <i>disk number</i> must be <i>recorded</i> on the count <i>sheet</i> .	Terms used similarly elsewhere in section.
§App E to Subpart E Part 763	The detection and identification of asbestos and <i>asbesti-form</i> minerals in talc	
§795.231(d)(1)	Numerical data shall be <i>summarized</i> in tabular <i>form</i> . Pharmacokinetics data shall also be <i>presented</i> in graphical <i>form</i> .	Terms used similarly elsewhere in section.
§799.9780(j)(2)	Cunningham. A method of increased sensitivity for detecting single <i>antibody-forming</i> cells.	Term used similarly elsewhere in section.

## Sections of 40CFR Containing “Letter” or “Mail”

Provision	Current Wording	Notes
§700.45(e)(2)	Each remittance shall be sent to the EPA, HQ Accounting Operations Branch (PM-226), P.O. 360399M, Pittsburgh, PA 15251-6399, ATTN: TSCA User Fee.	
§700.45(e)(3)	Persons who <i>submit</i> a section 5 <i>notice</i> shall place a unique identifying number, which must include the <i>letters</i> “TS” followed by a combination of 6 numbers ( <i>letters</i> may be substituted for some numbers), on the front <i>page</i> of each section 5 <i>notice submitted</i> .	
§702.61(b)	<i>Notice</i> of intent to <i>file</i> suit can be either personally served or served by <i>certified mail-return receipt requested</i>	Terms used similarly elsewhere in section.
§702.61(c)	The effective date of service of a <i>notice</i> given in accordance with this rule shall be the date of the return <i>receipt</i> , if served by <i>mail</i> , or the date of <i>receipt</i> if personally served.	
§702.61(d)(3)	<i>Address</i> of persons to be served. (i) EPA Administrator: 401 M St., SW., Washington, DC 20460. (ii) Attorney General: 10th and Constitution Avenue, NW., Washington, DC 20530.	Term used similarly elsewhere in section.
§704.7(c)(4)	4) Failure to <i>furnish</i> a second <i>copy</i> of the <i>notice</i> will be considered a presumptive waiver of the claim of confidentiality. EPA will <i>notify</i> the respondent by <i>certified mail</i> that a finding of a presumptive waiver of the claim of confidentiality has been made. The respondent has 15 days from the date of <i>receipt</i> of <i>notification</i> to <i>submit</i> the required second <i>copy</i> .	
§704.9	<i>Reports</i> must be <i>submitted</i> by <i>certified mail</i> to the Document Control Office (7407), Office of Pollution Prevention and Toxics, U.S. Environmental Protection Agency, Room G-099, 401 M St., SW., Washington, DC., 20460, ATT: 8(a) Reporting.	Terms used similarly elsewhere in section.
§712.28(c)	<i>Forms</i> must be sent (preferably by <i>certified mail</i> ) to the Document Control Office (7407)...	
§712.30(a)(3)(i)	Respondents meeting this condition must <i>notify</i> EPA by <i>letter</i> of their desire to have the voluntary <i>submission</i> used in lieu of a current <i>data submission</i>	Terms used similarly elsewhere in section.
§712.30(a)(3)(ii)	must submit an accompanying <i>letter notifying</i> EPA of the respondent's intent that the <i>submission</i> be used in lieu of a current Manufacturer's <i>Report</i> .	Terms used similarly elsewhere in section.

Provision	Current Wording	Notes
§716.30(b)	<i>Submissions</i> under paragraph (a) must be identified either on the face of the study or otherwise by the applicable chemical name and CAS number listed in §716.120(a) (1) and (2), and must be accompanied by a <i>cover letter</i> containing the name, job title, address and telephone number of the <i>submitting</i> official, and the name and <i>address</i> of the manufacturing establishment on whose behalf the <i>submission</i> is made. In the <i>cover letter</i> , <i>submitters</i> must identify any impurity or additive known to have been <i>present</i> in the substance or listed mixtures as studied unless its presence is specifically noted in the study itself.	
§720.45(a)(4)	a joint <i>submission</i> or as a <i>letter</i> of support to the <i>notice</i> , which clearly references the importer's <i>notice</i> and PMN User Fee <i>Identification Number</i> .	
§721.30(c)	<i>Notice</i> of the results of such determinations will be <i>mailed</i> to the <i>submitter</i> .	Terms used similarly elsewhere in section.
§721.185(b)(2)	The Director of the Office of Pollution Prevention and Toxics will consider the <i>request</i> and <i>notify</i> the <i>requester</i> of that determination by <i>certified letter</i> .	Terms used similarly elsewhere in section.
§721.3000(a)(2)(iii)	Distribution by any person without affixing to container of any formulation containing the substance a label that includes, in <i>letters</i> no smaller than 10 point type, following <i>statements</i> :	
§745.324(a)(3)(i)	A <i>transmittal letter</i> from the State Governor or Tribal Chairperson (or equivalent official) <i>requesting</i> program approval.	Terms used similarly elsewhere in section.
§796.3100(d)(2)	Pramer, D., Bartha, R. "Preparation and Processing of Soil Samples for Biodegradation Testing," <i>Environmental Letters</i> , 2:217-224 (1972).	

## Sections of 40CFR Containing “Map,” “Diagram,” or “Drawings”

Provision	Current Wording	Notes
§720.45(a)(1)(i)	For each substance having a chemical composition that can be represented by a specific, complete chemical structure <i>diagram</i> , a CA Index Name must be <i>provided</i> .	
§720.45(a)(1)(ii)	For each chemical substance that cannot be fully represented by a complete, specific chemical structure <i>diagram</i> (a Class 2 substance), or if the substance is a polymer, a CA Index Name or CA Preferred Name must be <i>provided</i>	Terms used similarly elsewhere in section.
§721.91(a)	develop a process description <i>diagram</i> which describes each manufacturing, processing, or use operation involving the substance.	Term used similarly elsewhere in section.
§725.155(d)(2)(iii)	The description should include, for example a description of the regulatory and structural genes that are components of the introduced genetic material, including genetic <i>maps</i> of the introduced sequences.	
§745.324(b)(4)(i)	The program description for an Indian Tribe shall also include a <i>map</i> , legal description, or other information sufficient to identify the geographical extent of the territory	Term used similarly elsewhere in section.
§App A to Subpart A Part 750	In <i>drawing</i> up this third column, we have assumed that 60 days will be allowed for the <i>submission</i> of main comments	
§App A to Subpart E Part 763	Use flat edge or finder grids for <i>mapping</i> .	Term used similarly elsewhere in section.
§App C to Subpart E Part 763	The Asbestos Model Accreditation Plan ( <i>MAP</i> ) for States has eight components:	Term used similarly elsewhere in section.
§App C to Subpart E Part 763	use of as-built <i>drawings</i> as base <i>drawings</i> ; use of inspection photographs and on-site <i>reports</i> ; methods of preparing abatement <i>drawings</i> ; <i>diagramming</i> containment barriers	Terms used similarly elsewhere in section.

## Sections of 40CFR Containing Miscellaneous Words/Phrases

Provision	Current Wording	Notes
§702.60	or to restrain any violation of TSCA, or of any rule <i>promulgated</i> under sections 4, 5, or 6, or of any order <i>issued</i> under section 5 of TSCA (section 20(a)(1)).	Terms used similarly elsewhere in section.
§704.1(a)	This part specifies <i>reporting</i> and <i>recordkeeping</i> procedures under section 8(a) of TSCA for manufacturers, importers, and processors of chemical substances and mixtures	Terms used similarly elsewhere in section.
§704.1(b)	Subpart B of this part sets out chemical-specific <i>reporting</i> and <i>recordkeeping</i> requirements under section 8(a) of TSCA.	Terms used similarly elsewhere in section.
§704.7(d)(4)	<i>Disclosure</i> of the information would cause substantial harm to our competitive position.	
§704.33(d)	Respondents to this rule shall <i>report</i> all information that is known to or reasonably ascertainable by the person <i>reporting</i> .	Terms used similarly elsewhere in section.
§704.33(d)(5)	The <i>data reported</i> under this paragraph 18(d)(5) shall cover that 2-year period.	
§704.95(c)	Persons identified in ¶(b) of this section must <i>report</i> to EPA the following information: 1) Initial <i>Report</i> . 2) Follow-up <i>Report</i> .	Term used similarly elsewhere in section.
§707.20(a)(1)	it addresses aspects of the regulation <i>promulgated</i> by the United States Customs Service , Department of the Treasury (19 CFR 12.118 through 12.127, and 127.28 [amended]) to implement section 13 of TSCA, 15 U.S.C. 2612.	Term used similarly elsewhere in section.
§707.20(b)(3)	At such time as international agreement is reached on this <i>issue</i> , EPA would be prepared to modify its policy if necessary.	
§707.60(a)(1)	<i>Data</i> are required under section 4 or 5(b),	Term used similarly elsewhere in section.
§707.60(a)(2)	An order has been <i>issued</i> under section 5,	Term used similarly elsewhere in section.
§707.60(a)(3)	A rule has been proposed or <i>promulgated</i> under section 5 or 6	Term used similarly elsewhere in section.
§710.1(a)	Section 8(a) authorizes the Administrator to require <i>reporting</i> of information necessary for administration of the Act and requires EPA to <i>issue</i> regulations for the purpose of compiling an inventory of chemical substances manufactured or processed for a commercial purpose	
§710.33	The following <i>reporting</i> periods are prescribed for this subpart.	

Provision	Current Wording	Notes
§710.38(c)(1)(i)	Would the effects of <i>disclosure</i> be substantial? What is the causal relationship between the <i>disclosure</i> and the harmful effects?	Terms used similarly elsewhere in section.
§710.39(c)(2)	Send an <i>e-mail request</i> for this information to the EPA TSCA Hotline at TSCA-Hotline@epamail.epa.gov.	
§712.20	the following persons must <i>submit</i> the ``Manufacturer's <i>Report-Preliminary Assessment Information</i> " (as described in §712.28) for each plant site	Terms used similarly elsewhere in section.
§716.35(a)(4)	Any study identified will be available for public <i>disclosure</i> under section 14(b) of TSCA.	Term used similarly elsewhere in section.
§716.60(b)(1)	Persons subject to the <i>listing</i> requirements of §716.35(a)(2) must <i>inform</i> EPA of the initiated study within 30 days of its initiation.	
§717.10(a)	Allegations subject to this part are those allegations <i>received</i> on or after November 21, 1983	
§717.15(b)(2)(i)	The name and <i>address</i> of the plant site which <i>received</i> the allegation.	Terms used similarly elsewhere in section.
§720.50(a)(3)(i)	A full <i>report</i> includes the experimental methods and materials, results, discussion and <i>data</i> analysis, conclusions, references, and name and address of laboratory that developed <i>data</i> .	Terms used similarly elsewhere in section.
§721.72(c)	Material safety <i>data sheets</i> . (1 )Each employer must obtain or develop a MSDS for the substance.	Terms used similarly elsewhere in section.
§721.72(c)(2)(viii)	Any generally applicable precautions for safe handling and use of the substance which are known to the employer, including appropriate hygienic practices, protective measures during repair and <i>maintenance</i> of contaminated equipment, and procedures for <i>response</i> to spills.	Terms used similarly elsewhere in section.
§721.90(a)(4)	<i>receiving</i> stream flow (million liters/day)	Part of ppb formula determining significant release to water. Used several times.
§721.91(b)(1)	<i>receiving</i> stream flow shall be expressed in million liters per day (MLD). Flow rate <i>data</i> to be used must be for point of release on water body that first <i>receives</i> release of the substance	Terms used similarly elsewhere in section.
§721.91(b)(2)	<i>Receiving</i> stream flow <i>data</i> may be available from the NPDES <i>permit</i> for the site, from the NPDES <i>permit-writing</i> authority for the site or the POTW, or from USGS <i>publications</i> , such as the <i>water-data report</i> series.	
§721.170(d)(4)(iii) (B)	EPA <i>issues</i> a final rule in the Federal Register <i>promulgating</i> final significant new use <i>notification</i> requirements and other requirements for the substance.	Terms used similarly elsewhere in section.

Provision	Current Wording	Notes
§721.1450(a)(2)(ii)	Any method of disposal other than by landfill, incineration, or for wastewater from vent scrubbers...wastewater treatment in <i>permitted</i> industrial wastewater treatment facilities.	Term used similarly elsewhere in section.
§723.175(e)(5)	procedures for using and <i>maintaining</i> respirators and other personal safeguards	
§725.17	Persons wishing to consult with EPA by <i>telephone</i> should call (202) 554-1404; hearing impaired TDD (202) 554-0551 or <i>e-mail</i> : <a href="mailto:TSCA-Hotline@epamail.epa.gov">TSCA-Hotline@epamail.epa.gov</a> .	
§725.94(c)(4)(iv)	Any other <i>media</i> available to the public or to competitors?	Questions about info. claimed as confidential.
§725.205(f)(2)	person is manufacturing a microbial pesticide for which Experimental Use <i>Permit</i> is required	Term used similarly elsewhere in section.
§725.534(d)(1)(ii)	Potential routes of release in air, solids and liquids; in or on waste materials and equipment; in or on people, including <i>maintenance</i> and custodial personnel	
§725.422(d)	The inactivation procedures must reduce viable microbial populations by at least 6 <i>logs</i> in liquid and solid wastes.	
§750.2(b)(1)	draft finding that there is a reasonable basis to conclude that the manufacture, processing, distribution in commerce, use or disposal of the chemical substance(s) or mixture(s) at <i>issue</i> will present an unreasonable risk of injury to health or the environment.	Term used similarly elsewhere in section.
§761.30(a)(1)(xi)	If a PCB Transformer is involved in a fire-related incident, the owner of the transformer must immediately <i>report</i> the incident to the National <i>Response Center</i>	Terms used similarly elsewhere in section.
§761.30(t)(2)	PCBs are authorized for use at concentrations #50 ppm in intact and non-leaking gas or liquid <i>transmission</i> systems not owned or operated by a seller or distributor of the gas or liquid <i>transmitted</i> in the system.	
§761.350(b)	Once the composite is mixed, pour the mixture of waste out on a plastic <i>sheet</i>	Term used similarly elsewhere in section.
§App C to Subpart E Part 763	<i>dose-response</i> relationships and the lack of a safe exposure level	Term used similarly elsewhere in section.
§796.1050(b)(1)(iii) (A)(I)	<i>log e</i> ..... 3.56 3.63 3.16 3.50	Term used similarly elsewhere in section.
§796.1950(c)(3)	For the isoteniscope procedure, include the <i>plot</i> of p vs. reciprocal of the temperature in K	
§798.2250(e)(1)	The albino rabbit is preferred because of its size, skin permeability, and extensive <i>data base</i> .	Term used similarly elsewhere in section.

## Sections of 40CFR Containing “Newspaper” or “Publication”

Provision	Current Wording	Notes
§707.60(c)	PCBs and PCB articles have the definitions <i>published</i> in §761.3 of this title respectively.	
§707.65(b)	the requirement to <i>submit</i> export <i>notices</i> to EPA shall begin thirty days after <i>publication</i> of the action in the Federal Register.	Terms used similarly elsewhere in section.
§710.1(a)	Following an initial <i>reporting</i> period, EPA <i>published</i> an initial inventory of chemical substances manufactured, processed or imported for commercial purposes.	
§712.30(a)(2)	The effective date will be 30 days after the Federal Register <i>publishes</i> a rule amendment making the substance or mixture subject to this subpart B.	Term used similarly elsewhere in section.
§716.105(a)	substances and mixtures will be added to §716.120 after <i>publication</i> in the Federal Register of a <i>notice</i> of proposed amendment to this subpart.	Terms used similarly elsewhere in section.

## Sections of 40CFR Containing “Notice” or “Notification”

Provision	Current Wording	Notes
§704.11(c)	A <i>copy</i> of each <i>notice</i> sent by the person, <i>return receipt requested</i> , to that person's customers for the purpose of <i>notifying</i> their customers of the customer's <i>reporting</i> obligations	Terms used similarly elsewhere in section.
§704.25(e)(1)	Persons must <i>notify</i> EPA within 30 days after making a firm management decision to commit financial resources for the manufacturing, importing, or processing of 11-AA.	Term used similarly elsewhere in section.
§704.33(d)(4)	However, if the information to be <i>reported</i> in <i>response</i> to this paragraph (d)(4) is the same for different sites, the respondent need not <i>report</i> separately for each site but need only <i>notify</i> EPA that the information is the same for each site.	Terms used similarly elsewhere in section.
§704.43(c)	The <i>notice</i> must include, to the extent that it is known to the person making the <i>report</i> or is reasonably ascertainable, the following information:	Terms used similarly elsewhere in section.
§707.20(c)(2)(ii)	If EPA has given this information to Customs before the district director <i>issues</i> the detention <i>notice</i> , the information will become part of the detention <i>notice</i> .	
§707.20(c)(2)(iii)	This <i>notice</i> will also serve as a determination to <i>permit</i> entry under 19 CFR 12.123(c)	Terms used similarly elsewhere in section.
§707.70(a)(1)	<i>Notice</i> by EPA to the importing country shall be sent no later than 5 working days after <i>receipt</i> by the TSCA Document Processing Center of the first annual <i>notification</i> for each regulated chemical when <i>data</i> are required under section 5(b)	Terms used similarly elsewhere in section.
§707.70(b)(4)	Include a <i>copy</i> of the pertinent Federal Register <i>notice</i> .	
§707.75(d)	the Agency may make the information public, including placement in a public <i>file</i> , without further <i>notice</i> to the person.	
§710.4(d)	chemical substances excluded here will not be subject to premanufacture <i>notification</i> under section 5 of the Act.	Term used similarly elsewhere in section.
§720.65(a)	EPA will acknowledge <i>receipt</i> of each <i>notice</i> by sending the <i>submitter</i> a <i>letter</i> that identifies the premanufacture <i>notice</i> number assigned to the new chemical substance and the date on which the review period begins. The review period will begin on the date the <i>notice</i> is <i>received</i> by the Office of Pollution Prevention and Toxics Document Control Officer.	
§721.4380(a)(2)(i)	A significant new use of this substance is any manner or method of manufacture, import, or processing associated with any use of this substance without <i>providing</i> risk <i>notification</i>	Terms used similarly elsewhere in section.

Provision	Current Wording	Notes
§723.50(h)(3)(i)	If the new information becomes available during the last 5 days of the <i>notice</i> review period, the <i>submitter</i> must immediately <i>inform</i> its EPA contact for that <i>notice</i> by <i>telephone</i> .	Terms used similarly elsewhere in section.
§761.202(b)(1)(i)	A generator of PCB waste who is exempted from <i>notification</i> under §761.205(c)(1) or who <i>notifies</i> EPA in a timely manner under §761.205(c)(2)(i), but has not yet <i>received</i> a unique <i>identification number</i> , shall be regarded as having <i>received</i> from EPA the <i>identification number</i> ``40 CFR PART 761."	

## Sections of 40CFR Containing “Page” or “Paper”

Provision	Current Wording	Notes
§720.50(a)(3)(ii)	A standard literature citation includes author, title, periodical name, date of <i>publication</i> , volume, and <i>page</i> numbers.	Terms used similarly elsewhere in section.
§721.7600(a)(2)(iii)	Requirements as specified in §721.80(g) (as intermediates to manufacture dyes for coloring pulp or <i>paper</i> only)	Term used similarly elsewhere in section.
§723.50(e)(2)(ix)	The manufacturer must clearly indicate on the first <i>page</i> of the PMN <i>form</i> that the <i>submission</i> is a ``TSCA section 5(h)(4) exemption <i>notice</i> ,"	Terms used similarly elsewhere in section.
§761.30(a)(1)(viii)	As of December 1, 1985, combustible materials, including paints, solvents, plastics, <i>paper</i> , and sawn wood must not be stored within a PCB Transformer enclosure	
§761.30(f)	Carbonless <i>copy paper</i> containing PCBs may be used in a manner other than a totally enclosed manner indefinitely.	
§761.208(b)(5)(ii)	A shipping <i>paper</i> containing all the information required on the manifest	Term used similarly elsewhere in section.
§761.369	mop the entire surface with absorbent <i>paper</i> or cloth until no liquid is visible on the surface.	
§App A to Subpart E Part 763	Place carbon-coated TEM grids face up on the filter or lens <i>paper</i> . Label the grids by marking with a pencil on the filter <i>paper</i> or by putting <i>registration</i> marks on the petri dish lid	Terms used similarly elsewhere in section.
§App C to §763.121	Upon entering the test chamber, the test subject shall be given a 6 inch by 5 inch piece of <i>paper</i> towel or other porous absorbent single ply material	
§763.165(b)	no person shall manufacture or import the following asbestos-containing products: commercial <i>paper</i> , corrugated <i>paper</i> , rollboard, and specialty <i>paper</i> .	
§796.2750(a)(3)(iv)	The <i>papers</i> by Aharonson and Kafkafi (1975) under paragraph (d)(1) of this section	
§798.3300(d)(8)	<i>Page</i> , N.P.	Name shows up in many references.

## Sections of 40CFR Containing “Postmark”

Provision	Current Wording	Notes
§707.65(a)(3)	The <i>notice</i> must be <i>postmarked</i> within seven days of <i>forming</i> the intent to export or on the date of export, whichever is earlier.	
§716.60(a)	<i>submissions</i> under §§716.30 and 716.35 must be <i>postmarked</i> on or before 60 days after the effective date of the <i>listing</i> of a substance or mixture in §716.120	Terms used similarly elsewhere in section.
§723.250(f)	For substances exempt under paragraphs (e)(1), (e)(2), and (e)(3) of this section a report of manufacture or import must be <i>submitted (postmarked)</i> by January 31 of the year subsequent to initial manufacture.	

## Sections of 40CFR Containing “Provide,” “Presents,” or “Furnish”

Provision	Current Wording	Notes
§700.49	until the appropriate remittance under §700.45(b) has been sent to EPA as <i>provided</i> in §700.45(e) and <i>received</i> by EPA.	
§704.13	Violators of requirements of this part may be subject to civil administrative penalties up to \$25,000 per day of violation or criminal prosecution, as <i>provided</i> in §§ 15 and 16 of TSCA.	Term used similarly elsewhere in section.
§704.25(b)	Persons who must <i>report</i> . Except as <i>provided</i> in paragraph (c) of this section, the following persons are subject to this section	Terms used similarly elsewhere in section.
§704.43(e)(8)(i)	<i>Provide</i> the quantity (by weight) of the chemical substances identified in paragraph (b) of this section <i>present</i> in the waste.	
§710.32(c)(7)	This amount must be <i>reported</i> to two significant figures of accuracy <i>provided</i> that the <i>reported</i> figures are within $\pm 10$ percent of the actual volume.	
§716.1(b)	Section 16 <i>provides</i> that a violation of section 15 renders a person liable to the United States for a civil penalty and possible criminal prosecution.	Term used similarly elsewhere in section.
§716.55(b)(3)	Failure to <i>furnish</i> a second <i>copy</i> when information is claimed as confidential in the first <i>copy</i> will be considered a presumptive waiver of the claim of confidentiality.	Terms used similarly elsewhere in section.
§720.38(a)	EPA may grant the exemption if the person demonstrates that the chemical substance will not <i>present</i> an unreasonable risk to injury to health or environment as a result of test marketing.	Term used similarly elsewhere in section.
§721.30(a)	significant new uses are described as the failure to establish and implement programs <i>providing</i> for the use of either: specific measures to control release of substances which are identified in such sections, or alternative measures to control environmental release which EPA has determined provide the same degree of protection as the specified control measures.	
§799.9780(c)	that is, functional T and B lymphocytes, as well as <i>antigen-presenting</i> cells (usually macrophages), are required for the production of antibodies.	

## Sections of 40CFR Containing “Record”

Provision	Current Wording	Notes
§704.11	Each person who is subject to the <i>reporting</i> requirements of this part must retain the following <i>records</i> for 3 years following the creation or compilation of the <i>record</i> .	
§707.20(a)(2)	Interested persons should refer to the <i>records</i> of these individual rulemaking actions for specific information and guidance.	Term used similarly elsewhere in section.
§710.1(b)	In addition, section 15(3) makes it unlawful for any person to fail to keep, and <i>permit</i> access to, <i>records</i> required by these regulations.	Terms used similarly elsewhere in section.
§716.10(a)(4)	Underlying <i>data</i> , such as medical or health <i>records</i> , individual <i>files</i> , lab notebooks, and <i>daily monitoring records</i> supporting studies do not have to be <i>submitted</i> initially. EPA may <i>request</i> underlying <i>data</i> later under §716.40.	Terms used similarly elsewhere in section.
§717.12(a)	significant adverse reactions to human health that must be <i>recorded</i> include	
§717.12(b)	Firms are not required to <i>record</i> significant adverse reactions that are known human effects	Term used similarly elsewhere in section.
§717.15(d)	Any other <i>record</i> of significant adverse reactions shall be <i>maintained</i> for a period of five years from the date the information contained in the <i>record</i> was first <i>reported</i>	Terms used similarly elsewhere in section.
§717.15(e)(2)	these <i>records</i> must be <i>transmitted</i> to EPA. See §717.17(c) for the <i>address</i> to which such <i>records</i> must be sent.	
§750.33(e)	The name, <i>address</i> , and office <i>telephone</i> number of the <i>Record</i> Clerk and the Hearing Clerk for the rulemaking in question	Terms used similarly elsewhere in section.
§App A to Subpart E Part 763	If the EDXA is used for confirmation, <i>record</i> the properly labeled spectrum on a <i>computer disk</i> , or if a hard <i>copy, file</i> with analysis <i>data</i> .	

## Sections of 40CFR Containing “Request”

Provision	Current Wording	Notes
§716.40	EPA may, by <i>letter</i> , <i>request</i> a person to <i>submit</i> or make available for review the following information after the initial reporting under §§716.30 and 716.35. If the <i>requested submissions</i> are not made, EPA may subpoena them under section 11 of TSCA	Terms used similarly elsewhere in section.
§716.60(c)	<i>Requests</i> for extensions must be in <i>writing</i> and <i>addressed</i> to the Director, Office of Pollution Prevention and Toxics (7401)...	
§720.25(b)(4)	EPA will compare this information either to the information <i>requested</i> for the confidential chemical substance under §710.7(e)(2)(v) or information <i>requested</i> under §720.85(b)(3)(iii).	Term used similarly elsewhere in section.
§725.20	subpart describes general administrative procedures applicable to all persons who <i>submit</i> MCANs and exemption <i>requests</i> to EPA under section 5 of the Act for microorganisms.	Terms used similarly elsewhere in section.
§725.54(b)	A <i>request</i> for suspension may be made in <i>writing</i> to the <i>address</i> listed in §725.25(c). The suspension also may be made <i>orally</i> , including by <i>telephone</i> , to the <i>submitter's</i> EPA contact for that <i>submission</i> . EPA will send the <i>submitter</i> a <i>written</i> confirmation that the suspension has been granted.	Terms used similarly elsewhere in section.

## Sections of 40CFR Containing “Sign” or “Signature”

Provision	Current Wording	Notes
§704.11(d)	return <i>receipts signed</i> by the person's customers who <i>received</i> the notice described in ¶(c)	
§704.33(f)	Persons subject to this rule must attach the following statement to any information <i>submitted</i> to EPA in <i>response</i> to this rule: “I hereby <i>certify</i> that, to the best of my knowledge and belief, all of the attached information is complete and accurate.” This <i>statement</i> shall be <i>signed</i> and dated by the company's principal technical contact.	Clause used elsewhere in section.
§707.20(b)(2)(i)	The section 13 rule requires importers to <i>sign</i> the following <i>statement</i> for each import of chemical substances subject to TSCA: “I <i>certify</i> that all chemical substances in this shipment comply with all applicable rules or orders under TSCA	
§707.20(b)(2)(ii)	Importers must <i>certify</i> this by <i>signing</i> the <i>statement</i> : “I <i>certify</i> that all chemicals in this shipment are not subject to TSCA.”	Terms used similarly elsewhere in section.
§710.32(c)(2)	<i>certification statement signed</i> and dated by an authorized official of the respondent company.	
§710.38(c)(1)	The person must <i>submit</i> with the <i>report</i> detailed <i>written</i> answers to the following questions <i>signed</i> and dated by an authorized official.	Terms used similarly elsewhere in section.
§721.72(b)(1)(ii)	The employer may use <i>signs</i> , placards, process <i>sheets</i> , batch tickets, operating procedures, or other such <i>written</i> materials in lieu of affixing labels to individual stationary containers	Terms used similarly elsewhere in section.
§721.72(c)(2)(v)	<i>Signs</i> and symptoms of exposure, and any medical conditions which are expected to be aggravated by exposure to the substance known to the employer.	
§723.50(e)(3)	a manufacturer reapplying for an exemption for the new chemical substance must <i>submit</i> a new exemption <i>notice</i> containing all the information required under this paragraph (e) of this section including a <i>certification page</i> containing an original dated <i>signature</i>	Terms used similarly elsewhere in section.
§761.30(h)(3)	Any person may use PCB-Contaminated natural gas pipe, drained of all free-flowing liquids as industrial structural material (e.g., fence posts, <i>sign</i> posts, or bridge supports)	Term used similarly elsewhere in section.
§761.208(a)(4)	The generator shall confirm <i>receipt</i> of the waste by close of business the day after he <i>receives</i> the manifest <i>hand-signed</i> by the commercial storer or disposer	Terms used similarly elsewhere in section.
§App C to Subpart E Part 763	any requirements that may exist for architect <i>sign-off</i> of plans	

Provision	Current Wording	Notes
§798.6050(a)	Substances that have been observed to cause neurotoxic <i>signs</i> (e.g., convulsions, tremors, ataxia) in other toxicity tests	Term used similarly elsewhere in section.

## Sections of 40CFR Containing “Submit,” “Submittal” or “Submitter”

Provision	Current Wording	Notes
§700.40(a)	The purpose of this subpart is to collect fees from manufacturers, importers, and processors who <i>submit notices</i> and applications to EPA under section 5 of TSCA	
§700.45(a)	Persons <i>submitting</i> a section 5 <i>notice</i> to EPA shall remit for each such <i>notice</i> the appropriate fee identified in paragraph (b) of this section	
§700.45(b)	Small business concerns shall remit a fee of \$100 for each section 5 notice <i>submitted</i> .	Terms used similarly elsewhere in section.
§700.45(d)	Joint <i>submitters</i> of a section 5 <i>notice</i> are required to remit the appropriate fee identified in paragraph (b) of this section for each section 5 <i>notice</i>	Terms used similarly elsewhere in section.
§700.45(f)(4)	That as of the date of <i>submission</i> of the <i>notice</i> : the microorganism that is the subject of a MCAN is not a new microorganism	
§704.7(c)	To assert a claim of confidentiality for <i>data</i> contained in a <i>notice</i> , the respondent must <i>submit</i> two <i>copies</i> of the <i>notice</i> .	Terms used similarly elsewhere in section.
§704.25(d)	Persons identified in paragraph (b) of this section must <i>submit</i> a Premanufacture <i>Notice Form</i> (EPA <i>Form</i> 7710-25).	
§707.75(b)	In the <i>notice</i> , the <i>submitter</i> must clearly identify the information that is claimed confidential by marking the specific information on each <i>page</i>	
§710.32(b)	Any person who chooses to <i>report</i> information to EPA by means of <i>magnetic media</i> must <i>submit</i> the information prescribed in paragraph (c) of this section. <i>Magnetic media submitted</i> in <i>response</i> to this subpart must meet EPA specifications, as described in the instruction booklet available from EPA at the <i>address</i> set forth in §710.39(b).	Terms used similarly elsewhere in section.
§716.105(c)	Any information <i>submitted</i> showing why a chemical substance, mixture, or category of chemical substances should be withdrawn from the amendment must be <i>received</i> by EPA within 14 days after the date of <i>publication</i> of the <i>notice</i>	
§720.25(b)(8)	EPA will answer an inquiry on whether a particular chemical substance is on the confidential Inventory within 30 days after <i>receipt</i> of a complete <i>submission</i> under paragraph (b)(2)	
§720.25(b)(9)	The <i>submitter</i> must then <i>resubmit</i> the whole, completed bona fide <i>notice</i> to EPA	
§720.40(a)	The information <i>submitted</i> and all <i>attachments</i> must be in English.	

Provision	Current Wording	Notes
§720.40(a)(2)(ii)	Information may be <i>submitted electronically</i> (on magnetic or other media) pursuant to an EPA <i>published</i> format for <i>electronic submissions</i> . Such <i>submissions</i> must comply with this format and all other media specifications <i>published</i> by EPA. Persons <i>submitting electronically</i> must still complete and <i>submit on paper</i> the <i>Certification</i> and <i>Submitter Identification</i> sections of <i>Form 7710-25</i> .	
§720.80(b)(1)(ii)	When a person <i>submits</i> information in an <i>attachment</i> , the claim(s) must be asserted in the <i>attachment</i> as described on the <i>notice form</i> .	
§720.90(a)(3)	such as the name of the <i>submitting</i> company, cost or other financial <i>data</i> , product development or marketing plans, and advertising plans	

## Sections of 40CFR Containing “Summary” or “Statement”

Provision	Current Wording	Notes
§704.7(d)	In <i>submitting</i> a claim of confidentiality, a person attests to the truth of the following four <i>statements</i> concerning all information which is claimed confidential:	
§704.33(d)(5)(ii)	The description shall include a <i>summary</i> of the intended manufacturing, importing, or processing operation(s); a <i>summary</i> of intended worker activities involving the substances	Term used similarly elsewhere in section.
§704.102(d)(2)	Subsequent <i>reports</i> must <i>provide</i> the information in paragraph (d)(1) of this section and a <i>statement</i> explaining why the subsequent <i>report</i> is required.	
§707.20(a)(1)	This <i>statement</i> addresses the policy of EPA on importation of chemical substances, mixtures, and articles under section 13 of TSCA (15 U.S.C. 2601 et seq.)	Term used similarly elsewhere in section.
§707.70(b)(2)	<i>Summarize</i> the regulatory action taken, or indicate the availability of <i>data</i> under TSCA.	
§710.32(c)(6)	A <i>statement</i> for each substance for which information is being <i>submitted</i> indicating whether the substance is site-limited.	Terms used similarly elsewhere in section.
§721.5(d)(1)(ii)	within 15 working days of <i>notifying</i> the <i>recipient</i> as described in paragraph (d)(1)(i), the person <i>received</i> from the <i>recipient</i> , in <i>writing</i> , a <i>statement</i> of assurance that the <i>recipient</i> will not engage in the significant new use.	Terms used similarly elsewhere in section.

## Sections of 40CFR Containing “Write” or “Writing”

Provision	Current Wording	Notes
§700.45(e)(4)(i)	Each person who remits the fee identified in paragraph (b)(1) for a PMN, consolidated PMN, intermediate PMN, or significant new use notice shall <i>write or type</i> the words, “The company named in part 1, section A is a small business concern under 40 CFR 700.43 and has remitted a fee of \$100 in accordance with 40 CFR 700.45(b).” under <i>CERTIFICATION</i> on the Premanufacture Notice for New Chemical Substances (EPA Form 7710-25 (4-26-83))	Terms used similarly elsewhere in section.
§704.102(f)	Each person who <i>submits</i> a <i>report</i> must for 3 years following the <i>submission</i> date of the most recent <i>submission</i> , review their activities at the end of each year to determine whether any reportable event specified in paragraph (e)(3) has occurred. If a review shows that none of these events has occurred, the person is required to <i>certify</i> this fact in <i>writing</i> .	
§704.175(c)(2)	Persons who complied with the requirements of this section prior to June 2, 1986 and <i>received written notification</i> of compliance from EPA.	
§707.65(a)(1)	The <i>notice</i> must be in <i>writing</i> ;	
§710.32	A respondent to this subpart must report information in <i>writing</i> or by <i>magnetic media</i> as prescribed in this section	
§710.38(c)(1)	The person must <i>submit</i> with the <i>report</i> detailed <i>written</i> answers to the following questions <i>signed</i> and dated by an authorized official.	
§712.28(d)	Manufacturer's <i>Report</i> --Preliminary Assessment Information or PAIR <i>form</i> and instructions may be obtained by <i>telephoning</i> or <i>writing</i> the Environmental Assistance Division	
§717.10(b)(1)	Are <i>submitted</i> either in <i>writing</i> and are <i>signed</i> by the <i>allegor</i> , or are <i>submitted orally</i> . In the case of an <i>oral</i> allegation, the firm must transcribe the allegation into <i>written form</i> , or it must <i>inform</i> the <i>allegor</i> that such allegation may be subject to this part and <i>request</i> that the <i>allegor submit</i> such allegation to the firm in <i>writing</i> and <i>signed</i> .	
§721.72(a)	Each employer shall develop and implement a <i>written</i> hazard communication <i>program</i> for the substance in each workplace.	Terms used similarly elsewhere in section.
§723.50(e)(2)(vi)	Manufacturers who intend to manufacture an exempted substance at annual volumes of less than 10,000 kilograms may so specify by <i>writing</i> the lesser annual production volume in the appropriate box on the PMN <i>form</i> and <i>marking</i> the adjacent binding option box.	Terms used similarly elsewhere in section.
